Four county sampling eventV1.docx

UC,

I have had EU review, and USCG D11 review in combination with the media escort team. I think we have something that will work (this is version 1).

I understand that exact agency participating for testing samples is still evolving, but the release focuses upon the activity enough that I don't think the final outcome of that decision will affect this.

Please advise of changes or concerns.

Thank you so much for the help!
